COMPANY POLICY

We, along with our suppliers, pursue a policy of continual improvement in the design and performance of our products. Every effort has been made to ensure the accuracy of all information in this publication.

The measurements within this brochure are provided by the manufacturers and plus/minus tolerances are to be expected.

The right is reserved to amend details and vary specifications without notice.
Please note that prices are in sterling, include VAT at 20% and are subject to change without notice. For the most up-to-date information, please visit www.claygate.co.uk
Colour reproduction is as accurate as possible within the limitations of the printing process.

INSTALLATION

A key element in the performance of a bathroom is the quality of the installation. We recommend you use a plumber from a registered association and consult them right from the start.

You should also ensure that all required products are on site and in perfect condition prior to arranging with the plumber to commence installation.

For any electrical items, you are advised to use a qualified engineer.

TECHNICAL SPECIFICATIONS & GUARANTEES

Due to space constraints we are unable to detail all this information within the catalogue. For full technical specifications and guarantees on any product in this catalogue, we suggest you refer to the relevant manufacturer's literature or visit www.claygate.co.uk.

Guarantees do not cover moving parts that perish due to wear and tear. In the event of a defective product claim, the liability is limited to the product supplied and does not extend to consequential loss or damage arising from the defective product.

RETAIL PRICES

The prices in this book were correct at the time of going to press. However, currency fluctuations, increases in the cost of raw materials and ever-rising fuel prices all contribute to manufacturing costs, over which we have no control. Therefore, prices in this book are subject to change without notice and you should always refer to our website for the most up-to-date prices at www.claygate.co.uk

WARNING

Some items in our price book require 4 person lift. Please discuss this with your retailer before delivery.

Burlington® WCs 25 YEARS GUARANTEE

Traditional

High Level WCs

The high level cistern "chain" is a rigid chrome pull that allows you to push up for the 3 litre water saver, or pull down for a full 6 litre flush. Now you can have a high level cistern and still save water! The rigid rod pull comes as part of the flush kit.

nanoGLAZE
ceramic that stays cleaner

All Burlington WCs have NanoGlaze in the bowl. NanoGlaze is a coating that reduces microscopic pores in the ceramic surface, making it smoother. As a result, less waste "sticks" to the surface making cleaning far easier.

12 Back Entry 520mm Cistern – With extended depth lever cistern
This deep cistern increases the distance from the pan outlet to the wall by 20mm. Suitable for use with P18 or P19 pan only

Riviera

C/G/B

The Riviera Collection harks back to the sophisticated elegance of the 1920s, a decade in France known as 'les années folles' (the crazy years). This was a time of great prosperity after the hardship of World War I, when social, artistic and cultural dynamism led the way to a new, relaxed and affluent way of living. Taking inspiration from this period of prosperity, renowned designer Christian Booth, has created The Riviera Collection by Burlington, offering a streamlined bathroom design, at home in either a traditional or contemporary setting, where form is celebrated and function preserved.

Ona Collection – Gloss white and matt black

Z/B/D

Versatility is key with the Ona Collection. Slim basins feature a more subtle yet durable design with taps that are quite something: a cylindrical and slender body and a flat rectangular handle, in perfect harmony with the shape of the spout, see page 544. In addition, the hidden fixations of the WC allow for a clean and minimal look at any moment. Details that change everything inside your bathroom: Rimless toilets are free of angles or nooks to ensure more accessible and efficient cleaning. Roca's touchless technology, employed in flushing, taps and soap dispensers, function without direct contact for extra peace of mind.

Tura – Gloss white

Z/B/D

Based on architectural forms and modular shapes, the Tura range of WC's and washbasins are unexpectedly bold and modern. The square and rectilinear lines are met by soft edges and subtle curves. The washbasins include an innovative, sophisticated and elegant hidden linear drain, blending into the ceramic basin, leaving the surface bare. Available in standard white with matt finish or super glaze available by special order.

Artesan Bathrooms

with a wide selection of products, ranging from sanitaryware, furniture, baths and showers, along with finishing touches from The Tunbridge Wells Brassware Co by Artesan (See pages 502 - 529). Enabling you to create an amazing personal space that feels and looks the way you want it to

Achievable luxury

Annabel square close coupled WC with slim soft close seat

The ceramics in any bathroom are an essential element and need to be practical to suit your space and visually pleasing to suit your style and preferences.

You can be assured that the Artesan bathroom collection will have something to satisfy everyone's needs.

Contemporary toilets typically come with rimless technology as standard and a selection of complementary thin rimmed basins.

The traditional range combines modern-day practical functionality with elegance and timeless charm.

All with WRAS approved fittings and lifetime ceramic guarantee. Create an inviting and relaxing bathroom, with reassured quality, at an incredible price.

Ariel close coupled WC with slim soft close seat

Annabel round back to wall WC with slim soft close seat

Ariel wall hung WC with wrap over soft close seat

Ariel Back to Wall pan

Bedgebury close coupled WC with slim soft close seat

Emilie close coupled WC with wrap over soft close seat

Feature guide

Rimless technology offers a smooth interior pan, resisting the germ build-up, staying cleaner for longer, more hygienic and fresher.

Water saving toilets designed to use less water, typically 4.5 or 3 litres, but still delivering an efficient and successful flush.

Space saving toilets which take up less space than a conventional WC, offering more flexibilty in a restricted area.

Comfort height toilet pans that are higher than a regular pan, offering ease and comfort when getting on and off.

Vortical flush The Vortical flush offers not only enhanced toilet cleaning efficiency but also a quieter operation and reduced water usage.

Ariel - Seats sold separately, see options below

B

Beautifully designed, with streamlined edges and sloping curves, space saving solutions and matching thin rimmed basins. With a choice of soft close seats and the option to upgrade the chrome features to matt black or brushed brass

Ariel - Rimless WCs with Vortical flush

B/C

The Vortical flush offers not only enhanced toilet cleaning efficiency but also a quieter operation and reduced water usage compared to traditional flush systems. Its powerful flush covers every part of the toilet bowl, generating a strong whirlpool effect that harnesses the water's force for a thorough cleansing process. Vortical flush achieves this by forcing water from two or three jets into the toilet bowl, creating an intense whirlpool action that leaves no spot untouched. The circular motion of this innovative flush design is spray-free, effectively preventing the spread of germs and bacteria within the bathroom, and safeguarding against contamination of the toilet seat.

Touchless Flush Valve B

The touchless flush valve can be easily retrofitted to upgrade an existing push button to an automatic flush system.
Simply wave your hand to use.
The valve automatically detects the required flush volume, whether full or half flush.
Flushes can be adjusted easily to 6/4, 4.5/3 or 4/2 per dual flush settings.
The touchless flush valve fits most toilet cisterns with a 38mm cistern hole and an external cistern height (including the lid) of 360-390mm. Additionally, the mechanism is battery-operated, eliminating the need for a power connection. Four alkaline batteries ensure more than 40,000 automatic flushes, minimising the frequency of battery changes (batteries not included).
WRAS approved - Waterproof level IPX 6

134.TLFV **£99.00**

Artesan

2 in 1 B

A space saving unit that saves time on installation. Water is reused from the basin to flush the toilet making this unit both ecologically and economically efficient. 4.75/2.9 ltr flush. The TUNBRIDGE WELLS Brassware Co. **NEW**

THE PANTILES

B

Comfortingly traditional with modern-day refinement. Inspired by early 20th-century bathroom design, this collection draws on the elegance of the Edwardian period while embracing the clean lines and confident geometry of the Art Deco era. Linear basins feature crisp edges, deep upstands and sculpted geometric pedestals, while the toilets blend classic proportions with practical design, echoing authentic details found in the refined homes of the time.
For traditional Tunbridge Wells brassware see page 526 - 527

V-Care Shower Toilet

Z/B/C

The V-Care is the new generation of shower toilet from VitrA. It combines the functionality of a toilet with the personal cleaning properties of a bidet, creating a stylish WC that will seamlessly integrate into your bathroom. All the main functions are variable to create a totally personalised washing experience. The intensity of the water jet is adjustable as is the water temperature for both the front and rear washing options. The ergonomically designed heated seat offers an additional level of comfort and the automatically activated air purifier eliminates those unwanted bathroom odours.

M-Line NEW

Z/B

**M-Line toilets and bidets combine clean, contemporary design with refined everyday performance.
Available in wall-hung and back-to-wall options, the range is designed to sit effortlessly within modern bathroom spaces.**

Two distinct forms shape the collection: M-Line Round features a clean D-shape and seamless, monolithic look for a softer visual presence. M-Line Square offers a more defined profile, with straight lines and a confident, modern form.

At the heart of the range is the Sonic Flush technology. Powerful and efficient, it delivers enhanced cleaning performance while operating with significantly reduced noise - creating a noticeably quieter bathroom experience.

THE PERFECT BALANCE
OF DESIGN
AND FUNCTION

DESIGN
MEETS
FUNCTION

We use our passion for design and technology to inspire and excite people all over the world. By applying our vast Know-How and 150 years of experience, we ensure our products are not just beautiful to look at, but truly make life easier and more comfortable. This collection includes a range of frames, cisterns, flush plates, shower toilets and ceramics to complete the bathroom aesthetic.

GEBERIT

GEBERIT

GEBERIT AQUACLEAN SHOWER TOILET

CLEANLINESS
AT THE TOUCH
OF A BUTTON

WHIRLSPRAY SHOWER TECHNOLOGY
With an additional shower spray, the gentle lady shower ensures personal hygiene using pure water.

TURBOFLUSH
Optimised with Turbo Flush for a perfect wash-out of Geberit toilet ceramics, with water-saving flushing.

REMOTE CONTROL
The intuitive remote provides hand-held control and the touch of a button is all it takes to call up personal settings.

SOFT NIGHT TIME ILLUMINATION
A discreet automatically activated light in seven selectable colours and five brightness levels assists orientation at night.

GEBERIT

Monolith

DISCOVER GEBERIT MONOLITH'S VERSATILITY

Scan here to see the other colours and heights available in the range.

MORE FLEXIBILITY IN THE BATHROOM

Do you want to create a fresh and outstanding highlight in your bathroom, but don't want to disturb the beauty of an existing wall?

With Geberit Monolith, you do not have to compromise. After all, truly impressive design comprises of not only the aesthetic design, but also the function, the product material and the innovative technology behind it.

The Geberit Monolith opens up unexpected possibilities when it comes to bathroom design. The modules for WC or bidet can be combined with most standard sanitary ceramics and automatic taps.

REASONS TO CHOOSE MONOLITH PLUS

The Geberit Monolith Plus sanitary module for WCs is truly multi-talented. The integrated odour extraction unit, intelligent sensor technology and an especially convenient flush actuation are only three of its many virtues:

- → Sensor-controlled switch-on function via soft-touch button
- → Integrated odour extraction unit
- → Discreet LED lighting, completely adjustable
- → Quiet fan for air cleaning

Touchless

Base Touchless Flush Valve

B

Touchless Flush Valve

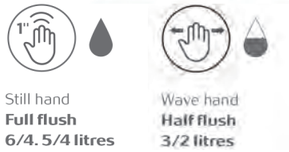
The touchless flush valve can be easily retrofitted to upgrade an existing push button to an automatic flush system. Simply wave your hand to use. The valve automatically detects the required flush volume, whether full or half flush. Flushes can be adjusted easily to 6/4, 4.5/3 or 4/2 per dual flush settings. The touchless flush valve fits most toilet cisterns with a 38mm cistern hole and an external cistern height (including the lid) of 360-390mm. Additionally, the mechanism is battery-operated, eliminating the need for a power connection. Four alkaline batteries ensure more than 40,000 automatic flushes, minimizing the frequency of battery changes (batteries not included).
WRAS approved - Waterproof level IPX 6

134.TLFV **£99**

EM1 Touchless Flush Sensor

B/D

Zero contact maximum hygiene



Roca Touchless Flush Sensor

A822599900
120.TLFV **£144.93**

The **EM1** is compatible with most toilet cisterns featuring a ø40mm cistern hole and an external cistern height (with cistern lid) of 360-390mm. Moreover, the **EM1** mechanism does not require a power connection, as it is battery-operated. Four alkaline batteries guarantee over 40,000 automatic flushes, so you do not have to worry about changing them often. (Batteries not included).

Tavistock Touchless Flush Sensor plates

C

Contactless Sensor Flush Plates

Contactless Sensor Flush Plate
210 x 137mm
Black 06.TR9025 **£213.00**

Touch Operated Sensor Flush Plate
210 x 137mm
Black 06.TR9016 **£213.00**

- Recommended for in-wall installations (TR9025)
- Recommended for furniture or lower height installations(TR9016)
- Powered by 4 x AA batteries (not included, easy to change, no tools required)
- Low battery power alarm (battery life in excess of 1 year)
- Dual flush, Illuminates on operation
- Manual override flush
- Use on wall hung frames and In-wall cistern
(not compatible with slim depth furniture)

- Provides a touchless flush, with just the wave of a hand

The Knole range, a statement in modern bathroom design, with on-trend fluted drawer fronts that add texture and character. This wall-hung collection is available in three practical widths – 500mm, 600mm and 800mm, making it easy to tailor to your space. Offered in three contemporary colours, Knole combines sleek style with everyday functionality for a bathroom that feels both modern and refined.

The Bedgebury range, with clean, straight edges and a striking pull handle detail, blends modern design with everyday practicality. Offered in seven contemporary finishes, it includes a 2-door floorstanding vanity with ceramic basin and a matching WC unit. The pieces can be positioned independently or combined with an L-shaped composite basin/worktop to create a space saving seamless storage and style solution.

Ceramic basin or L-shaped basin sold separately, if WC unit is independent you will need to order a worktop.

The TUNBRIDGE WELLS Brassware Co.

The Pantiles B

The Pantiles furniture collection takes inspiration from early 20th-century bathroom design, combining the elegance of the Edwardian period with subtle influences from the Art Deco era.
The charming freestanding vanity units are available in 7 stylish painted finishes, with a choice of 1 or 3TH basins. For added luxury, the 600mm and 800mm sizes are also available with a quartz worktop and bowl vanity option. The 500mm unit is offered with a 2TH basin and is ideal for cloakroom or smaller spaces. Selected colours are also available with a coordinating WC unit and 400mm storage unit.
Complementary traditional Tunbridge Wells taps can be found on pages 526 - 527, along with a selection of classic baths on page 258 - 259.
Basins sold separately

Ancillary Units - matt white, matt light grey and matt blue B

For Ona WCs, see page 20

Ona

The Ona Collection design perfectly combines sophisticated proportions and archetypical shapes without losing a balancing human touch. Crafted with the future in mind, Ona embodies a philosophy of simplicity without neglecting the details that matter

4 Drawer, 1200 furniture pack with double basin in Matt Green

Ona Collection - Soft close doors and drawers.

Matt white, matt sand grey and matt green Z/B/D

The Mediterranean way of life stands for simplicity, care and connection. So does the Ona Collection, respecting natural materials, it radiates this sentiment to each home and context anew, propagating connection and making the essence of the Mediterranean palpable. The simplicity of the design plays a central role, perfectly evoking the organic authenticity of sea-facing culture.

Elevate your bathroom with the latest furniture collection from Roca. Designed for modern-day living, Aleyda is a contemporary range of vanities featuring an integrated handle for a sleek finish. Each piece in the Aleyda collection is wrapped with PVC foil for an added layer of waterproofing. Finishes include timeless options such as Pebble Grey and Matt White, as well as the softer spa-like finishes Beige Wood and White Wood available by special order. For an ultra-modern and on-trend look, Matt Black is the go to choice. Behind the stylish fronts you'll find drawer organisers to maximise storage and keep bathroom essentials close to hand. All configurations pair perfectly with Roca's brassware to complete the stylish look. Matching column units are also available as part of the extra range from Roca. ■ 10 Year guarantee

Roca

Tenet – Gloss white, gloss grey and walnut (city oak and nordic ash, available by special order £) Z/B/D

Why sacrifice style for an affordable price tag? With the Tenet collection by Roca, you can have both. Compatible with pieces from Roca's other ranges and designed to suit bathrooms of all sizes and styles, the collection of handleless vanity units is both simple in style and flexible in use. And the beauty of the handleless design is that you can choose any finish for your brassware without the worry that it doesn't match the handles on your vanity unit ■ 10 Year guarantee

Arlington - Matt white, matt storm grey and matt viridian green

C

Basin Units: Available in two widths, 600mm and 800mm, to suit bathrooms small and spacious. Choose from 3 sophisticated finishes: Matt White, Matt Viridian Green and Matt Storm Grey for a contemporary tone.

Customisation: Available with the option of legs, the furniture can be configured either as floor-mounted with a choice of four leg finishes — chrome, matt black, brushed brass, and gunmetal, or wall-mounted for a floating effect. Choose from a wide range of handle and pull options to personalise your furniture, including brass, matt black, gunmetal and classic chrome finishes, as well as colour-matched handles for a sleek and subtle look, see page 155. **Storage:** With both deep drawer space and tall drawer options, each configuration ensures ample storage, complemented by a spacious ceramic basin. With high-quality, soft-close runner drawers that provide a quiet and smooth operation.

If it's a sleek minimal solution for a small space you need, then look no further than Match. A basin unit cleverly paired with a back to wall unit to suit a 1000mm or 1200mm run, topped by an isocast basin with integrated worktop (sold separately) for a seamless contemporary look.
A single compact one metre unit which incorporates a 500mm basin unit and a 500mm back to wall unit and the 1200mm includes a 600mm basin unit and 600mm back to wall unit.
To add that extra finishing touch, complement your brassware with matching handles and trim (sold separately) in classic chrome, contemporary matt black or opulent brushed brass.

1000 run in Viridian Green
with chrome handle and trim set (sold separately)

1200 run in gloss white with brushed brass handle and trim set (sold separately)

For Tavistock traditional WCs, see pages 40 -43

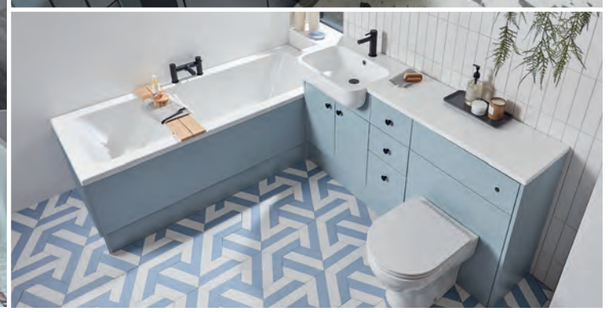
For Tavistock traditional brassware, see pages 553 - 554

Create your bespoke Tavistock fitted furniture over the next few pages following a few simple steps:

1. Choose your door style from new minimalist Scribe, the smooth lines of Calm or classic shaker style of Legacy, then choose your desired finish.
2. Consider the available space in your bathroom and choose from either standard depth (353mm) or space-saving slim depth (218mm) units.
3. Add the perfect finishing touch to your chosen doors with one of our stylish handles - see page 182.
4. Select a worktop from either our solid surface or laminate options. Alternatively opt for an integrated basin and worktop for a seamless look.
5. Choose your preferred basin and WC to match the styling of your bathroom.
6. Complete the look with coordinating brassware and mirrors.
7. Finally, clad-on end panels, plinths and bath panels are available for all finishes - see page 184.

Scribe - Standard and slim depth available in gloss white, matt mineral blue and matt viridian green C

Calm - Standard and slim depth available in gloss white, gloss light grey, matt mineral blue, matt dark grey and matt viridian green C



For Tavistock brassware, see pages 548 - 554

All retail prices include VAT

Legacy - Standard and slim depth available in matt mineral blue, matt flax, matt dark grey and matt viridian green C

Capturing designs reminiscent of the late 1800s-1900s, Chalfont furniture draws inspiration from these phenomenal eras to bring beautiful representations with modern day practicality. Featured in contemporary colours, this opulent design makes the perfect addition to homes of today. From grand units accentuated with hints of Gold, to elegant cloakroom styles that pair effortlessly with Chrome touches, Burlington's Chalfont furniture collection ensures stunning traditional designs to suit your space.

RIVIERA® COLLECTION

Riviera – Matt white, matt blue and matt black C/G/B

The Riviera Collection harks back to the sophisticated elegance of the 1920s, a decade in France known as 'les années folles' (the crazy years). This was a time of great prosperity after the hardship of World War I, when social, artistic and cultural dynamism led the way to a new, relaxed and affluent way of living. Taking inspiration from this period of prosperity, renowned designer Christian Booth, has created The Riviera Collection by Burlington, offering a streamlined bathroom design, at home in either a traditional or contemporary setting, where form is celebrated and function preserved.

Hackney

Britton's stylish Hackney wall-hung modular furniture collection is available with a choice of four colours. A modern design with customisable options, Hackney offers you the choice to tailor your own storage solution from 500mm to 1200mm with the drawer units, shelving units and worktop options, or a basin unit in 3 sizes, to ensure your storage fits perfectly to your needs. With a slim 390mm depth, Hackney is ideal for any bathroom.

Hackney drawers are constructed from hard-wearing HPL board, with genuine Hettich runners featuring full extension and smooth pull to open soft close operation. Drawers have a concealed handle pull, 25kg weight capacity and include two-way adjustment.

Carrara or Marquina marble effect worktop options are available to pair with your Hackney unit from 500mm to 1200mm and a choice of countertop basins to make a real impact in your bathroom.

Hackney Wall Hung Units – Cherry wood effect, earthy green, matt black and gloss white B

Customise your storage: Hackney furniture offers modular solutions for those who want to personalise their storage unit. By combining a drawer unit (available in 500mm, 600mm or 700mm) with a 200mm shelving unit and worktop options (available in 500mm to 1200mm) you can create your own perfect solution. A small selection of the options you could create are shown below.

BRITTON®

Whether you're after a dusty blue modern vanity unit to bring a slice of paradise to your bathroom or an earthy green vanity unit to bring the outside in, Camberwell has you covered. This stylish range helps to create your dream wellness bathroom and is available in four stylish colourways. The Camberwell 600mm unit with basin is the modern vanity unit your bathroom needs to bring a calming vibe to your space.
Its smooth, curved edges and simple yet on-trend design makes it the ultimate stylish furniture piece to complete the wellness bathroom of your dreams. This sophisticated design features soft-close, pull to open drawers that aid in keeping the tranquillity of your bathroom intact by reducing harsh noises. The double drawer design provides ample storage to keep your modern bathroom always looking organised and tidy. The Camberwell furniture range also provides customisation of the handle colour to match your brassware finish.

For Mirrors, see page 250

Liquid – Make a statement, choose a soft fluted glass or black metal mesh door

Plural, Liquid, Outline and Equal

The Vitality collection from Vitra is extensive, so it hasn't been possible to feature the entire range in this brochure. Instead, we have highlighted the most popular ranges within this brochure. The Liquid, Outline and Plural ranges shown on this page are available on a 7-day lead time. To explore the full Vitality collection, simply scan the QR code.

Outline - Elevate your bathroom style beyond white with a selection of countertop bowls

Plural – The award-winning Plural collection is available in 7 vibrant colours

Glora - Matt white, matt taupe and matt stone grey NEW

Z/B

Glora brings a refined, softly sculpted aesthetic to the bathroom, pairing smooth matt textures with elegant, muted tones. Thoughtful interior organisation and gentle illuminated curves create a sense of calm, contemporary luxury.

VitrA Sento

Sento brings scandinavian style into the bathroom

This furniture range is designed to complement the popular Sento WC pan. Four matt furniture finishes and five basin sizes are available, including a compact cloakroom option. With sensor LED lighting underneath the washbasin units and a leg set option, this range provides a new take on bathroom furniture.

Sento - Matt white, matt light grey, matt fjord green and matt anthracite

M-Line furniture collections offers two distinct designs.
The Edge series boasts intricate detail, sleek basin and premium materials made from composite wood veneer in light oak, black oak and walnut.
Pure series presents a relaxed, yet stylish approach to bathroom furniture, in gloss white, matt light grey and matt graphite.
Unit and basin sold separately, basin includes ceramic waste cover.

Discreet lighting makes this mirror stunning even when unlit. The lighting is concealed on the front of the frame, with a colour-coded matching lends to hide the light source.
■ Functional and flattering, front facing diffused light output ■ Adjustable dimming ■ Demister with auto off when light is off or after 1 hour of light use ■ Memory function ■ Easy install with spirit level and fast fit connector ■ Single touch control for all mirror functionality ■ Double flash at min/max light output on the control button ■ Ability to turn the control button off in standby mode to deactivate the nightlight

Battery mirrors

Lustro Lithium-Ion Battery LED Mirrors

C

Lustro Lithium-Ion Battery powered mirror is stylish and elegant, capable of making a design statement in any bathroom.

These mirrors provide flexibility, convenience, and energy efficiency, making them a practical choice and easy installation for various locations around the home. One advantage of the Lithium-Ion battery with EVO+ technology is that it eliminates the need to constantly replace batteries, saving both money and resources. The Lustro mirror range uses LED technology keeping it energy-efficient and long-lasting life span.

BENEFITS: ■ Easy to use and install: no cables need chasing in the wall and no electrician required ■ Portable and rechargeable Lithium-Ion battery with Sensio EVO+ technology ■ Save money in battery replacement: Lustro Lithium-Ion battery mirrors cost 3p to run for a year based on 20minutes usage a day ■ Longer life span with LED technology

FEATURES: ■ Suitable for retro-fitting ■ Diffused Natural White LEDs ■ Ambient back illumination ■ Quick battery charging with USB-C ■ 3 x brighter than the average AA battery mirror ■ Constant brightness rather than diminished illumination compared to an AA battery mirror

Lustro Oval 500 x 55 x 800mm

Future NEW Premium Smart Eco

234 x 144 x 392mm

- Manufactured from robust 304 grade stainless steel with a one piece outer and vandal proof lock screws for easy installation and strong anti vandal properties.
- Equipped with an advanced water-blasting technology, the upgraded motor delivers extremely impressive world-class airflow speeds of up to 155m/s.
- Fitted with an anti-bacterial HEPA filter to ensure the air used to dry a user's hands is as clean and hygienic as possible.
- Super smart, its ECO air sensor will detect the ambient temperature of your washroom and then automatically adjust the airflow temperature to keep running costs down.
- All Operating systems are integrated within the panel for easy maintenance.
- Equipped with a green/blue front indicator light which consequently provides a visible indication of operation.

Stainless steel

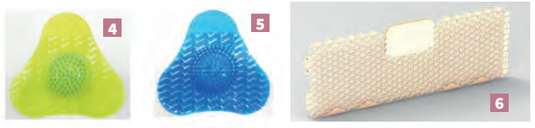
Urinal Screen Scented Mat - single

B

The C21 Urinal Screen is a long-lasting 60-day deodorising solution designed to keep urinals fresh, hygienic, and odour-free. Infused with a pleasant lemon scent, it effectively neutralises odours while preventing blockages by trapping debris. The flexible design fits most urinals, ensuring maximum surface coverage and continuous freshness in high-traffic washrooms.

NEW



Enzyme block breaks down over 60 days (30 days with Trough design) and assists to clear uric acid from the pipework.
A two in one solution to keep pipework clear and maintain freshness in the washroom.

Bath Feet

C

Cast from robust aluminium and expertly finished, Tavistock bath feet are inspired by the original Regency lion paw design and are designed to be paired with their traditional baths. Available in three finishes to suit any scheme.

- The overflow and waste is universal and compatible with all traditional tubs
- The pipe can be cut down to suit all Tavistock traditional bath tub models.
- One pack of feet contains four feet and all fixings required
- The feet are universal and work on all traditional tub options
- Feet are supplied with floor fixings to secure the bath tub in position and have a height adjustable levelling feature

Baths & Bath Screens

Trojancast: Our Intensive Reinforcement

Trojan built a complete new factory to manufacture Trojancast products.

Separate from all other production areas, the dedicated factory has been equipped with the latest technologies and is run by a team of specialist personnel who take pride in each and every Trojancast bath they produce.

Quality means everything

At each stage of production each individual bath is checked to ensure it reaches our high standards. Each individual employee that checks the bath stamps a label acknowledging they have fulfilled their job requirement. This ensures that the bath manufactured meets our quality criteria. This check label is placed on the back of the bath and remains with it through to delivery and installation.

Adding value at every stage

As well as the natural benefits of acrylic and the intensive reinforcement of the Trojancast process, all Trojancast baths come with our luxury fittings pack.

The guarantee on a Trojancast bath increases from our standard 25 years to 30 years, giving you extra peace of mind.

Substantial reinforcement | **Insulating properties** | **Peace of mind** | **Made in England** | **Guaranteed**

Acrylic bath panels

Bath Panels

Whether you are considering tiling your bath in or using a standard panel, Trojan offers a wide range of quality solutions suited to any budget and design. Their wide range of bath panels will help play an essential role to your bathroom's overall interior style and finish.

High impact polystyrene panels offer an entry level solution. The Supastyle and Flat panel are timeless in their design.

The mid to upper level solution is provided by the Titan, an innovative twin skin panel offering a simple design that hides an engineered second panel that offers substantial strength and durability.

Built to last, all Trojan bath panels come with a 2 year guarantee

DURABILITY VALUE

Hapi8 Wetroom

Hapi8

Hapi8 Wetroom
Fenetra framed glass

Experience the perfect blend of stylish minimalism and timeless elegance with Hapi8 wetroom enclosures.

Embrace the modern sophistication they bring to any bathroom design, enriching the ambiance to new heights.

Elevate your home with a wetroom deserving of admiration and indulge in the luxurious showering experience that only Hapi8 can provide.

Experience the versatility of Hapi8 wetroom glass panels, crafted with a sturdy 8mm thickness and standing tall at 2000mm. Available in sizes ranging from 500mm to 1400mm, these panels seamlessly adapt to any bathroom layout, offering flexible design possibilities. Choose from three elegant finishes and opt for either clear or framed glass, perfectly complemented by Tunbridge Wells brassware to enhance your space.

For added functionality, the flipper panel, available in clear or Fenetra framed glass, minimises water spray while allowing a smooth 240° opening.

Hapi8 Wetroom available in chrome, brushed brass and matt black profiles

Hapi EV8 sliding door options

Artesan

Launched under Artesan, Hapi is an exclusive brand of enclosures including the luxury Hapi Wetroom, Pivot or Sliding door range, and the contemporary Hapi6 and Hapi8 collections.

Hapi8 Wetroom Configurations

B

After identifying your available space, you can design a customised showering solution using our versatile, modular glass panels, profiles and stabilising fixtures. With these components, the layout possibilities become nearly limitless.
For optimal Wetroom results, we advise allowing a minimum entry space of 500mm

Hapi EV8 represents an evolutionary approach to design, skilfully integrating the finest elements of Hapi8 wetroom glass with the enhanced security offered by an enclosure. Its adaptability and flexibility allow it to be tailored as either a wetroom solution, featuring an extendable sliding panel for extra coverage, or transformed into an enclosure with recess and side panel alternatives. Regardless of the chosen configuration, Hapi EV8 maintains its sleek, modern, and minimalist design.

Hapi Enclosures co-ordinate nicely with the Tunbridge Wells Collection of Furniture (see pages 100 - 119), Showers (see pages 460 - 471) and Radiators (see pages 560 - 590)

If pairing with a shower tray, we recommend using a sleek, flat design; something stunning like the Tunbridge Wells trays on pages 378 - 381, Ultimate trays on pages 386 -387 or Roca trays on page 385.
This item works best with a tray that doesn't have a lip, as any lip needs to be at least 65mm wide.

All retail prices include VAT

Hapi Enclosures co-ordinate nicely with the Tunbridge Wells Collection of Furniture (see pages 100 - 119), Showers (see pages 460 - 471) and Radiators (see pages 560 - 590)

Ultimate Roller Deflector - Chrome, matt black, brushed brass, brushed copper, brushed gunmetal and brushed nickel
B

Part of the Ultimate range of walk-in enclosures, the Ultimate roller deflector is 500mm wide and is available in 4 colour finishes and both 8mm and 10mm clear glass options.

Retro-fittable* and treated with LifeShield for easy cleaning the roller deflector is designed to contain the majority of overspray and splashing within the showering area. Featuring a stylish finger pull the Ultimate roller deflector is supplied with a trimmable runner meaning that it can be used on enclosures as small as 1200mm and up to (and including) enclosures as large as 2000mm.

The roller deflector isn't suitable for installation with an angled or ceiling fixing kit and you are required to order a front panel fixing kit when purchasing the roller deflector. See page 332 - 333

Features & Benefits

■ 1985mm (including fittings) high ■ 500mm wide ■ Available in 8mm and 10mm toughened safety glass options ■ Retro-fittable ■ Can be used to create corner or recess options ■ Can be installed to open either to the left or right ■ Treated with Lifeshield for easy cleaning ■ Lifetime Guarantee ■ Made In Britain

Existing enclosure must include a front panel fixing kit for this deflector to be installed retrospectively

Ultimate Components

B

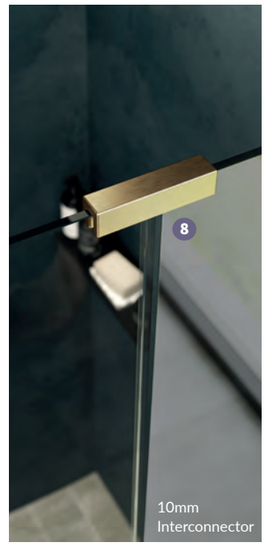
10mm Mirrored Decor Panel

Glass To Glass Corner Post



10mm Interconnector

Ultimate glass to glass corner post

The glass to glass corner post addition to our modular wet room panel range allows you to choose between either a minimalist approach (using the ultimate corner to corner seal) or a more traditional look and feel using the glass to glass corner post.

Ultimate interconnector and mirrored décor panel

Designed to be used alongside the ultimate wet room panel range, the interconnector allows you to connect two panels together, enabling you to create either a larger enclosure or incorporate some of our coloured/ mirrored glass options into your design.

KUDOS siona

THE SHOWROOM COLLECTION

For the complete Siona collection, scan the QR code

420mm Hinged Return Panel – 90 - 270°

For Aqua4ma wetroom trays, see page 419

The Siona 8mm range is semi-frameless and includes pivot, straight sliding door and walk-in options. The Siona enclosure range is available in chrome, matt black and brushed brass finishes and the walk-in collection is also available in three new, on-trend, finishes: brushed gun metal, brushed copper and brushed nickel. The Siona range combines understated minimalism with a traditional aesthetic, giving you the flexibility to create a bathroom space that will stand the test of time.

All retail prices include VAT

Siona Walk-in Range - Choice of six finishes in two price ranges (see options below) B/L

Create the perfect walk-in enclosure with the Siona 8mm walk-in range.

Whether you're creating a minimalist spa-style bathroom or are looking to future proof your space with a low level, easy access enclosure, the Siona walk-in range represents the perfect solution.

This range features 8 panel sizes, from 700mm to 1400mm and is available in six finishes.

Suitable for installation either on aqua4ma (see page 418 - 419) or a Kudos Connect2 shower tray (see page 388 - 389), the Siona walk-in range offers flexibility and the opportunity to create the configuration that is perfect for your bathroom space.
The Siona range also includes 2 deflector panel options, foldaway or hinged, each designed to contain any overspray* that may occur when the shower is in use.

Key features: • 2000mm high • 8mm toughened safety glass • 8 panel sizes • 2 deflector options • Available in six finishes • Can be used to create corner and recess configurations • LifeShield protection for easy cleaning • Lifetime Guarantee • Made In Britain

All panels are undersized by 45mm to allow for tiling and fitting to a tray

Sizes shown are nominal. **Widths indicated are undersized by 48mm to allow for tiling, wall profile (adjustment) and to ensure fit within shower base width.

Wall Profiles for 8mm & 10mm Glass

F

■ Zero in wall out of plumb vertical adjustment ■ Glass is embedded into the recessed vertical profile, which reduces glass width by 20mm on stated widths. ■ When used as a floor profile in a tiled wet room, glass height will reduce by 10mm on stated height ■ Designed for silicone fit glass to vertical or horizontal profile ■ Hinged and fixed deflectors cannot be used when installing horizontal U recessed profiles

Finish options

Silver (S) | Black (B) | Brushed brass (BRS) | Brushed nickel (N) | Gunmetal (GUN) | Brushed bronze (BRZ)

* Please add the following codes to the product code when ordering a colour option:

Classique Shower Enclosures

Bring modern luxury into your traditional bathroom design with the Classique shower enclosure range. Presenting a range of configurations, there's a luxury traditional shower enclosure for any bathroom design. The Classique range perfectly encompasses the elegance and regality of classical styles while featuring modern luxuries.

Personalisation

The Classique shower range elevates your traditional bathroom design with its selection of handles and finials. With two beautiful designs available, achieve a shower enclosure that harmonises with your chosen traditional bathroom style.

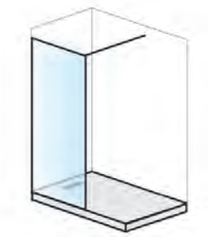
Walk-in Configurations

Recess

- 1 x Glass Panel
- 1 x Wall Profile
- 1 x Bracing Bar (Wall or Ceiling)

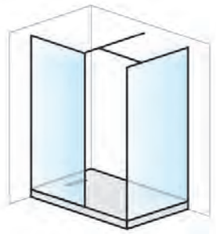
Recess with Double Panel

- 2 x Glass Panels
- 2 x Wall Profiles
- 2 x Bracing Bars (Wall or Ceiling)



Open Ended

- 1 x Glass Panel
- 1 x Wall Profile
- 1 x Bracing Bar (Wall or Ceiling)



Corner with T Bracing Bar

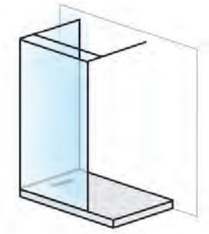
- 2 x Glass Panels (up to 1000mm max.)
- 2 x Wall Profiles
- 1 x T Bracing Bar

Corner

- 1 x Glass Panel
- 1 x Glass Panel (up to 500mm max.)
- 2 x Wall Profiles
- 2 x Bracing Bars (Wall or Ceiling)

Walk Through

- 1 x Glass Panel
- 2 x Bracing Bars (Wall or Ceiling)



Glass Corner with T Bracing Bar

- 2 x Glass Panels (up to 1000mm max.)
- 1 x Wall Profile
- 1 x T Bracing Bar (Wall or Ceiling)
- 1 x Glass to Glass Corner Seal

We wouldn't recommend installing a deflector panel if you have chosen a glass to ceiling bracing bar

180° Hinged Deflector Panel

- Available in 300mm, our hinged panel rotates through 180° for easier access. The colour matching hinges and clear seal give your walk-in a seamless appearance.
- 1 x Glass Panel for Hinged Deflector
- 1 x Deflector Panel 180° Hinges (pair)

All retail prices include VAT

Walk-in Traditional Enclosures

C/G/B

■ 2000mm high ■ Adjustable up to 15mm from each wall ■ 8mm safety glass ■ Easy clean coating ■ Reversible panels
■ Choice of bracing bar options ■ Suitable for tray or tiled floors

Once you have identified your space, the layout options are almost endless.
You can create your personalised showering solution, with our flexible modular glass panels, profiles and stabilising fixings.
When choosing your configuration, Burlington recommend you allow 500mm minimum entry space.

For Burlington Wall Panels, see pages 408 -411

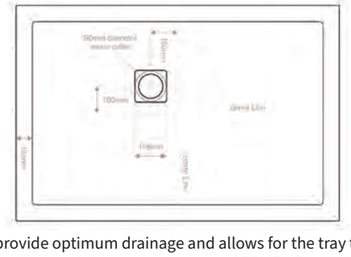
VISION 30 Shower Trays

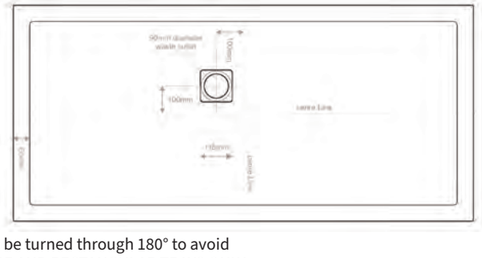
Premium quality and design at affordable prices

‘ Vision 30, a beautifully engineered solution that delivers luxury appearance, high end performance, sophisticated design and innovative features all at affordable prices ’

Designed and manufactured in Northern Ireland, close to the breathtaking Causeway Coast, the Vision 30 Heritage Edition shower tray draws direct inspiration from one of the world’s most extraordinary landscapes, Giant’s Causeway. One of the true natural wonders of the world, the Giant’s Causeway’s dramatic basalt formations have helped shape the identity of the heritage edition tray.

The richly detailed slate surface echoes the natural stone textures found along the coastline, the resin bonded stone fillers are sourced from local quarries and the iconic hexagonal basalt towers are subtly reflected in the design of the integrated waste.





Offset Waste Location: Designed to provide optimum drainage and allows for the tray to be turned through 180° to avoid possible obstructions when connecting the waste to drainage pipes – APPLIES TO SQUARE AND RECTANGULAR TRAYS ONLY

DESIGNED AND MANUFACTURED IN THE UK

Vision 30 Heritage Edition Shower Trays

B

Why Choose a Vision 30 HE Anti-Slip Tray?

Vision 30 anti-slip option feature an advanced textured surface supported by structural resin bonded stone fillers to provide a stable, stone-like surface that’s comfortable underfoot. The easy to clean anti-slip texture is integrated into the surface, not added as a coating, meaning it won’t wear off over time. It offers natural traction underfoot, even when wet, providing safer and more confident showering for all ages.

- **Ultra low profile** - just 30mm
- **Choice of finishes** - White slate or black slate
- **Anti-slip** - Exceeding EU slip-resistant standards, easy clean and scratch resistant
- **Offset waste location** - Enhanced drainage and improved connectivity
- **Steel reinforced flush waste** - Minimalist appearance
- **Acrylic capped ABS skin with resin bonded fillers** - Exceptional strength and durability
- **Lifetime warranty** - Providing complete peace of mind

connect2

KUDOS

Connect2 Slate is a stylish, contemporary super slim shower tray that will enhance any bathroom space.

Manufactured using an antimicrobial additive, these shower trays are easy to clean and offer protection from the growth of microbes including bacteria and mould, ensuring a more hygienic showering experience.

The anti-microbial additive is added during the manufacturing process, moulding it into the product reducing bacterial growth for the lifetime of the tray.

The attractive low profile Connect2 tray will never let a joist get in your way again thanks to the unique offset dual waste outlet. Whether square, rectangular or quadrant – whatever the size, the Connect2 tray will allow you to connect the waste fitting without the need to reposition joists or raise the tray on to a plinth.

LIFETIME GUARANTEE* · SLIP-RESISTANT · STAIN-RESISTANT · SCRATCH-RESISTANT · MADE IN BRITAIN

Key Features:

- Easy to clean
- Antimicrobial additive offers protection from the growth of bacteria including mould
- Unique design avoids the need to cut joists or lift the tray on to a plinth
- Guaranteed to work with all standard joist sizes and spans
- Structural resin bonded stone filler for increased stability
- Super slim at only 35mm high
- The reinforced colour matched waste cover is magnetically secured, comfortable underfoot and is easily removed for cleaning
- Supplied with a dedicated high flow waste, rated to 35 litres per minute
- Covered by Kudos Lifetime Guarantee

TRAYMATE BY TROJAN Made in Britain

Gel coated stone resin

The ultimate in modern shower tray design from Traymate, the home of shower tray innovation. Inspired by contemporary wetroom design, but fitted as a standard shower tray, the stunning Linear range has the narrowest aperture and slimmest waste grid of any tray currently available. Shower in safety with Traymate's market leading Smart Water Management Technology where advanced surface design and a unique vortex waste unit (sold separately) combine to clear water almost instantly at 30 litres per minute. What's more, no moving parts within the waste trap, means no maintenance and no risk of flooding.

- Incorporates Smart Water Management Technology - Surplus water drawn instantly for tray surface
- Linear wetroom look
- Ultra-low profile 28mm high with simple flush to floor fitting option
- Made from 100% natural stone resin. Fully recyclable
- Can be fitted on all types of floor
- Fitted as normal shower tray – no tanking or water proofing required
- Recommended for all users including; Elderly, less abled and young children
- Unique rectangular 297mm x 75mm stainless steel flush fitting waste cover (fully load-bearing)
- Dedicated high flow, self-cleaning vortex waste unit (sold separately). Option to upgrade waste cover
- Water removal tested to up to 30 litres per minute
- Step free access – no hazardous trip areas for young children and older people
- Smart virtual flat surface technology for maximised water drainage and that wetroom look
- Fully complies with EN274 European standard for shower flow rates
- Tough repairable gel coat surface
- 10 year guarantee
- Suitable for wheelchair access
- Designed and made in the UK

The anti-slip technology has been tested to EN 16165:2021Annex C, which is the highest nonslip rating available.

TRAYMATE BY TROJAN — Made in Britain

Want the wetroom look without the associated costs or fitting challenges?
Look no further than the Symmetry range. Available with a patented anti-slip surface as an optional extra, the 28mm Symmetry offers the look of a wetroom at a fraction of the cost. Installed like a traditional shower tray but with a simple flush to the floor option. Smart Water Management Technology with an advanced surface design and a unique vortex waste unit (sold separately) combine to clear water almost instantly at over 30 litres per minute. No moving parts within the waste trap, means no maintenance and no risk of flooding.

Gel coated stone resin

TRAYMATE BY TROJAN — Made in Britain

- Stylish, contemporary design which will look good for years
- Made from 100% natural stone resin. Fully recyclable
- Ultra-low profile 28mm high. Typical installation 10-15mm entry step
- Can be fitted on all types of floor or off of the floor with simple leg set option
- Recommended for general family. Elderly users advised to use Anti-Slip option
- Dedicated high flow waste unit with adjustable square cover Not included - purchase separately
- Fully complies with EN274 European standard for shower flow rates
- Tough repairable gel coat surface
- 10 year guarantee
- Water removal tested to 28 litres per minute
- Designed and made in UK

The Elementary shower tray is designed and produced by Traymate - a leading UK manufacturer.

This 28mm range is made of high quality, gel coated stone resin and is designed to be fitted on-the-floor, giving minimal threshold entry. The Elementary is offered with a dedicated high flow 90mm waste unit and an adjustable square waste cover (sold separately). If on-the-floor fitting is not an option, this range offers a simple easy-fit leg system (also sold separately).

Dolomite shower trays

The Burlington shower tray collection offers the latest in shower tray technology and design. Finished in pure white gloss and coated with a permanent anti-bacterial nano gel, Calton shower trays are extremely easy to clean and completely colourfast. Incredible strength and rigidity are achieved with engineered stone, ensuring your traditional shower enclosure remains in perfect condition for years to come.

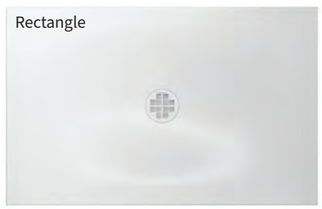
Treat Your Feet

Burlington trays provide an extra layer of relaxation to your shower experience. Crafted from engineered stone and hand finished to perfection, Burlington shower trays offer exceptional impact resistance, outstanding thermal shock properties and natural sound insulation – an extraordinary delight for the senses from the first step in, to the last step out.

Made from 100% recyclable Dolomite engineered stone in a factory with over 40 years' experience working with this material

- Dolomite is an extremely durable material, giving the shower tray exceptional impact resistance and outstanding thermal shock properties
- Natural sound insulation
- Class A anti-slip performance tested to industry standards
- Coated with a permanent Nanocoat, ensuring the surface is non-porous and antibacterial
- Colourfast and stain resistant to day-to-day chemicals
- A shower tray made from Dolomite requires considerably less energy to produce than alternative materials
- Can be cut to size or around awkward shapes using the manufacturers guidelines
- Produced in a factory that uses 100% solar energy
- Every shower tray is hand finished to ensure high-quality perfection
- 25mm high (Trays 1500mm and upwards are 27-29mm high)
- Suitable for use with leg riser kit
- Waste sold separately
- Lifetime guarantee

Bowood



Calton

Bowood

The Bowood shower tray waste is designed to provide a high flow to ensure any water dispenses incredibly quickly, meaning no more shallow pools of water disturbing your relaxing shower experience. With a built-in hair trap, you can be sure that no unwanted materials make their way into your drainage system.

Tray comes with colour match drain cover, waste sold separately (2 year guarantee)

Acrylic capped stone resin

STONE SHOWER TRAYS

LIFETIME GUARANTEE · SLIP RESISTANT · MADE IN THE UK

Kstone trays are covered by a lifetime guarantee and are made from the highest quality materials with a structural resin bonded stone filler to provide incredible stability. The acrylic capped skin which provides a superb high gloss finish is durable as well as being resistant to impact damage and staining.

Key Features:

- Available in high gloss and slip resistant (White & Grey)
- Slim design at only 45mm high
- Dedicated 90mm waste (sold separately) see page opposite
- Lifetime guarantee

Square tray with corner waste

B

FLEXI SEAL

FLEXIBLE WATERPROOF SEAL

Flexi-Seal uses a combination of a durable flexible rubber with a waterproof butyl based adhesive to give maximum protection between the application surface and tiles or panels.

Since the rubber is flexible, it will maintain a watertight seal whilst allowing for a certain amount of movement that is inevitable, particularly with new builds.

Flexi-Seal fits between the edge of the tray and any abutting wall and provides a flexible seal behind the tiles avoiding any issues caused by potential grout or silicone failure.
For more information, see page 399

B

Acrylic Capped ABS

An ultra-slim, acrylic capped polymer resin tray. The trays are flat on the under-surface; this makes installation and levelling very easy.

At 25kg or less all Britton trays can be handled by one fitter, removing the need for a two person lift as recommended by the Health and Safety Executive guidelines for manual handling.

■ Low profile – only 35mm high ■ Requires a 90mm Vortex Turbo Waste ■ Anti-bacterial zeomic agent protecting against harmful bacteria

Waste positions not optional

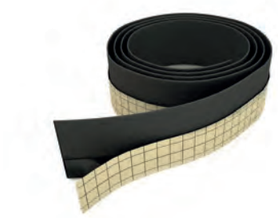
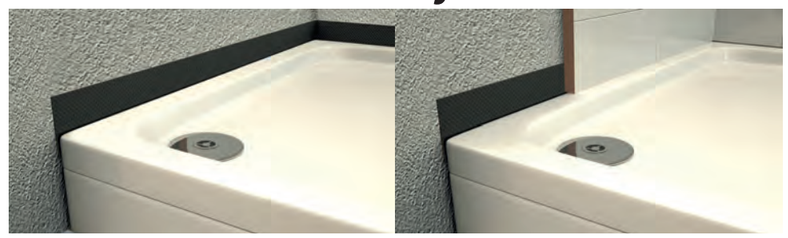
FLEXI SEAL FLEXIBLE WATERPROOF SEAL MADE IN THE UK

Flexible waterproof seal for shower trays and baths

B





Easy to fit flexible upstand provides a permanent waterproof joint where a shower tray or bath fits against a wall

Protects your home from hidden leaks caused by structural movement, shrinkage/grout failure

FLEXI SEAL fits to the edge of the shower tray or bath where fitted against a wall, providing a permanent watertight seal behind tiles or wall panels, avoiding leaks caused by structural movement, shrinkage or silicone/grout failure

Flexi-Seal uses a combination of a durable flexible rubber with a waterproof butyl based adhesive to give maximum protection between the application surface and tiles or panels. Since the rubber is flexible, it will maintain a watertight seal whilst allowing for a certain amount of movement that is inevitable, particularly with new builds. Flexi-Seal fits between the edge of the tray and any abutting wall and provides a flexible seal behind the tiles avoiding any issues caused by potential grout or silicone failure.

nuance Lifetime Guarantee

Waterproof Core – 2420 x 1200 x 11mm (Lifetime guarantee) C

Nuance is Bushboard's award winning bathroom wall panel system, created for showers, wetrooms and around the bath. The designs are not just beautiful to look at but uncompromisingly high performance and easy maintenance too, as it's uniquely fitted without extrusions and 100% waterproof guaranteed.

Wide choice of designs and textures that can create individual interiors: traditional, modern or contemporary, there's a design that will work for you. Manufactured without wood, using a patented polyurethane core impervious to water.

Seamless: no grout lines to scrub at, it just needs a simple wipe down for day-to-day cleaning. The watertight panel joins are virtually invisible to the eye.

Flexibility: different choice of sizes, that can be used to create a true wetroom, to panel out a shower enclosure, go round the bath or behind the washbasin.

Easy to install, the panels can be cut and installed in a matter of hours, making them an ideal alternative to tiling.

No trims required with the smart postformed edge.

Easy maintenance surface and stylish designs, the best solution for this boutique hotel look in your own home.

Waterproof Core

C

Postformed Panels

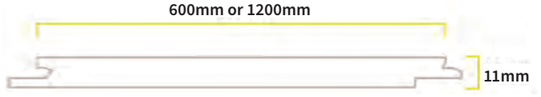
The most versatile of the panels for shower enclosures and bath panels. Features one finished radius edge and one tongue to link to T&G panels.

2420 x 1200mm one finished radius edge and one tongue.

Price Group 1	152.PP1	**£372.62**
Price Group 2	152.PP2	**£463.01**
Price Group 3	152.PP3	**£504.90**

Tongue and Groove (T&G) panels

These panels have tongue and groove edges at both sides to fix to other panels in the middle of a run.

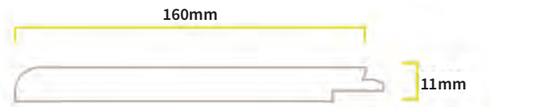


2420 x 600mm and 2420 x 1200mm, tongue and groove.

Price Group 1	2420 x 600mm 152.TG16	**£191.82**	2420 x 1200mm 152.TG12		**£373.63**
Price Group 2	2420 x 600mm 152.TG26	**£231.50**	2420 x 1200mm 152.TG22		**£463.01**
Price Group 3	2420 x 600mm 152.TG36	**£257.96**	2420 x 1200mm 152.TG32		**£504.90**

Finishing Panels

This panel allows you to finish a run of T&G panels both vertically and horizontally with a neat postformed edge detail, instead of using extrusions.



2420 x 160mm one finished radius edge and one tongue.

Price Group 1	152.FP1	**£104.73**
Price Group 2	152.FP2	**£125.67**
Price Group 3	152.FP3	**£141.11**

Feature Panels

With 2 pre-finished edges, the ideal panel to finish behind WCs and pedestal basins. It's especially good for cloakrooms and en-suites.

2420 x 580mm with 2 pre-finished radius edge.

C

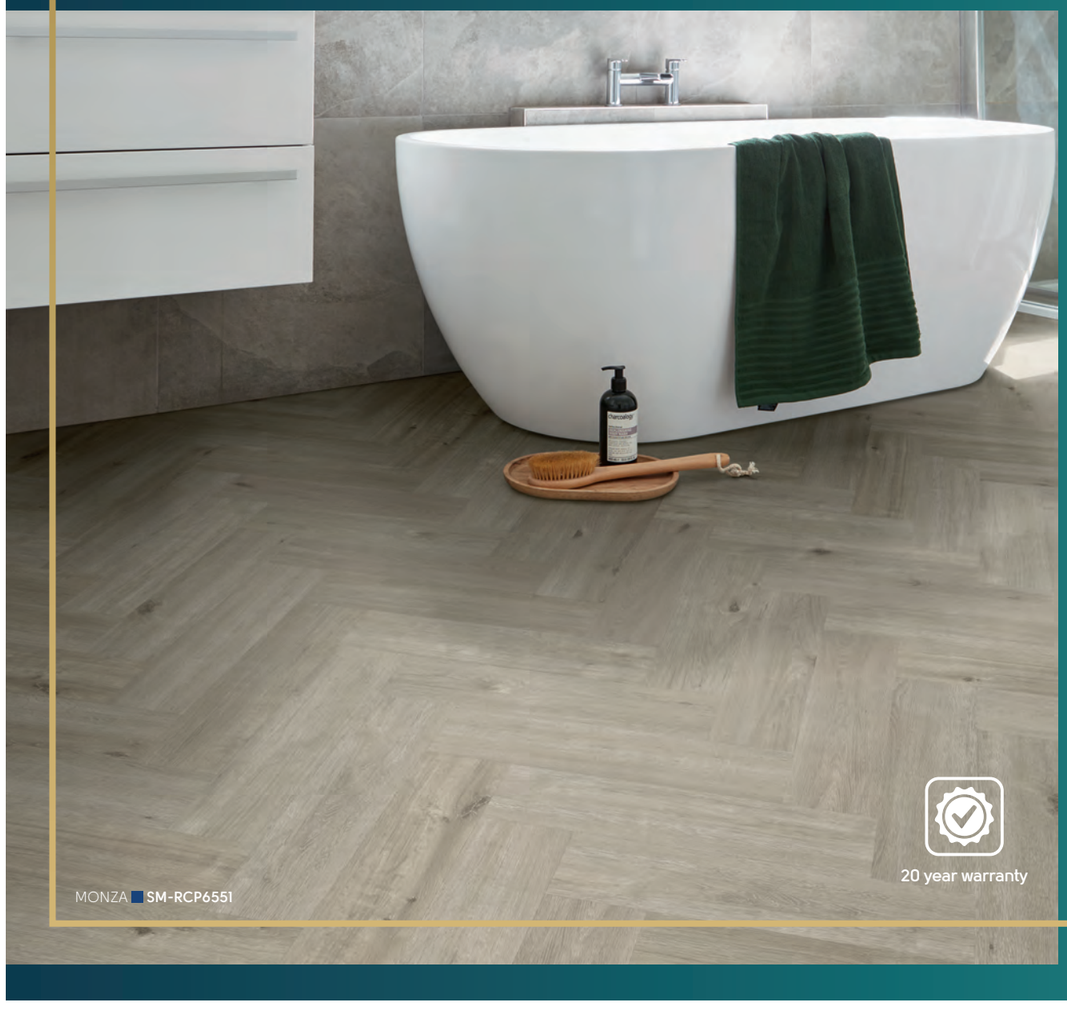
Palio Core

CLICK & LOCK PALIO CORE

Palio Core luxury vinyl (LVT) flooring is highly authentic and designed for quick and easy installation over uneven subfloors or existing hard floors like ceramic tiles or wood.

Palio Core combines our simple 2G™ click-locking mechanism with a rigid core construction for more stability. With its acoustic foam backing, it can reduce noise transfer to rooms below by 19dB and there is no need for additional underlay.



20 year warranty

Palio LooseLay

PLACE & GO PALIO LOOSELAY

Palio LooseLay Luxury Vinyl (LVT) Flooring is a stylish and practical alternative to traditional click-locking systems. Designed for fast, hassle-free installation, there is no need to remove skirting boards, no undercutting door frames, making it ideal for time sensitive projects or occupied spaces.

Thanks to its friction-grip backing, Palio LooseLay stays firmly in place while allowing for easy access to subfloor utilities post-installation. Damaged planks or tiles can be lifted and replaced individually without disrupting the rest of the floor.

KUDOS

aqua4ma EVOLUTION

Wetroom **Shower Decks** & **Panels**

Recognised for their ease of fitting and reliability, Kudos Aqua4ma wet-room systems have been successfully installed in 1000s of UK homes.

Choose from two style options: End Waste which can be finished with straight tile cuts and Central Waste, which can be finished with angled tile cuts.

- Quick and easy to install
- Easily trimmed to fit or to avoid joist obstruction
- Overall depth of just 25mm
- Suitable for vinyl, tiles or micro-cement
- Vinyl option is only compatible with a centre waste design and must be used with a vinyl waste ▲
- Fit anywhere in the home on wooden or solid floors
- Can be fitted at joist level on wooden floors*
- Ready for tiling immediately with no wet trades required
- Compatible with Aqua4ma floor and wall panels for a total wetroom installation
- Lifetime Guarantee**
- British Made

*** Decks should be fully supported by creating a false floor between joists**

**** Terms and conditions apply**

Aqua4ma Evolution End Waste Shower Deck:

Measuring 1340 x 1000mm the Aqua4ma Evolution End Waste Shower Deck can be easily trimmed from either (or both) sides or from either end that meets a wall.

Aqua4ma Evolution Centre Waste Shower Deck:

Available in 7 sizes the Aqua4ma Evolution Centre Waste Shower Deck offers a versatile solution for any wetroom installation. Each deck can be trimmed from any side that meets a wall.

Aqua4ma Evolution shower decks combine all the benefits associated with the Aqua4ma system with additional features which reflect the evolving demand for more versatile, lower-level and cost-effective installations.

Versatile – Quick and easy to install – British Made – Lifetime guarantee

Individually made: each Aqua4ma Evolution shower deck is individually CNC machined from a solid block of specially formulated high density exterior grade PVC; the material is totally waterproof requiring no additional treatment.

Weld, screw or glue: Aqua4ma joints are solvent welded together with Aqua4ma solvent paste to provide a one-piece permanent waterproof barrier that is guaranteed for life. Aqua4ma Evolution shower decks and panels can be screwed to wooden floors and battens without any washers as the material self seals around the screws. Alternatively Aqua4ma decks or wall panels can be glued to solid floors and walls using flexible tile adhesive.

Trimming: Aqua4ma Evolution shower decks can easily be trimmed and shaped using a hand or circular saw.

Finishing: Once fitted, the decks and panels are ready for immediate finishing with vinyl, tiles or micro-cement.

End waste shower deck consists of:

- 1340 x 1000mm Evolution Deck
- Stainless Steel Waste Support Plate
- 2 Side Levelling Strips
- Waste Assembly (**order separately**)
- Tile Thickness Adjustment Mouldings
- Stainless Steel Waste Grid (Polished Silver or Matt Black)
- 90mm waste

Centre waste shower deck consists of:

- Evolution Deck
- Stainless Steel Waste Support Plate
- Waste Assembly (**order separately**)
- Tile Thickness Adjustment Mouldings
- Stainless Steel Waste Grid (Polished Silver or Matt Black)
- 90mm waste

thermo SphereO

Underfloor Heating Mesh

B

ThermoSphere Mesh

The ThermoSphere Mesh System is a technologically advanced, electric underfloor heating system, perfect for renovation projects and eliminates the need for a wet heating system.

T-MO Electric Heating Thermostat

Control your underfloor heating with the simple touch display. Connect to the T-MO app, via Wi-Fi or Bluetooth, to unlock more features including customised scheduling and other settings.

- Remote commissioning and tech support.
- Simple temperature control.
- Easy to program via the T-MO app.
- Built in ambient temperature sensor.
- Support for 2 wired temperature sensors.
- Easy copy and paste schedule between days and between multiple thermostats.
- ZeroX™ technology for extended lifespan.
- Multiple T-MOs can work together as linked temperature sensors and switches.
- Control electric towel rails with relay mode.
- Active power metering and energy metering.
- OTA software updates for future features.
- Open API enabling integration with BMS and other compatible control platforms.
- 5 year warranty

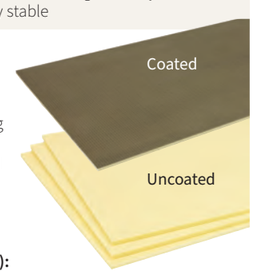
Tile Insulation Board

B

■ Extremely effective heat insulating properties ■ Totally impervious to moisture and completely rot proof ■ Flame resistant ■ Allows fast-track surface preparation ■ Can be cut to size using a stanley knife ■ Extremely stable

Coated:
ThermoSphere coated insulation board is manufactured using a high density extruded polystyrene with a polymer modified, fibre reinforced cement coating on both sides. The coated insulation board adds rigidity, strength and thermal insulation to timber substrates which maximises the efficiency of the electric underfloor heating system.



Uncoated (available by special order £):
ThermoSphere's uncoated insulation board improves insulation and reduces heat loss into a concrete or screed substrate. Available in a depth of 6mm or 10.5mm, this uncoated insulation board improves the efficiency of electric underfloor heating by up to 50%, is water resistant and 100% rot proof.

THICKNESS (MM)	SIZE (MM)	PRODUCT CODE	PRICE
6 Coated	1200 x 600	75.TIB00601	**£29.11(ea)**

3. Waterproofing - Cover all membrane joins and the perimeter

ThermoSphere Tanking

B

All you need in one bucket

- Covers up to four sqm of wall and one sqm of floor
- Seamless tanking system
- Simple application:
  - Prime the surfaces and allow to dry
  - Apply a coat of the seamless membrane with a brush or roller (not supplied)
  - Apply the fibreglass reinforcing fleece to all internal corners, joints and the floor
  - Apply a second coat of the seamless membrane as before
  - Allow to dry thoroughly

- Can be tiled using flexible cement based tile adhesives
- Ideal for use with ThermoSphere underfloor heating
- Suitable for use on plywood, plasterboard, tile backer board and rendered surfaces

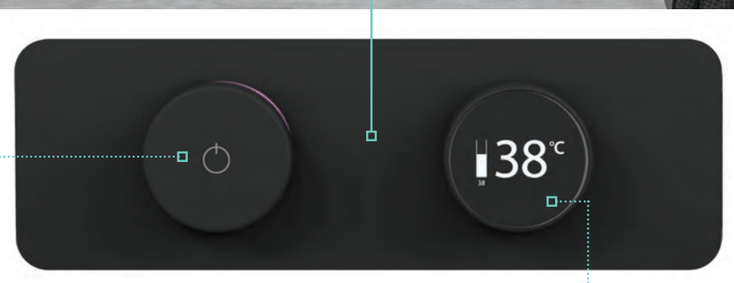
TOGO INNOVATION

Seamless digital display interface brings advanced technology into your bathroom



Control Dial

Activate the flow by pressing the control dial. Once on, turn the dial to adjust the temperature. LED lights surrounding the control dial will change colour to indicate the current temperature setting. Once you have selected your chosen temperature, you can press and turn the dial to divert the water to the other outlet(s). The OLED digital display panel will show the number of the outlet being diverted to, and the ring around the dial will display a corresponding primary colour to show the change.

Automatic Safety Shutdown

If the water or power supply fails, the shower will turn off completely for your safety. This enhanced safety feature gives you complete reassurance.

2 Year guarantee with the option to extend by an additional 3 years when you register your purchase

Cool Touch

Our advanced shower controls and trim plates are isolated from the water valve, ensuring they're always cool and safe to touch.

Unlike traditional bar or thermostatic valves, none of our exposed components can scald you.

Backplate can be mounted landscape or portrait format

Digital Display

Our innovative easy to read digital display accurately outputs the precise temperature and selected outlet. Simple, clear and highly responsive.

Wireless button - See page 426

TOGO Single Series can be used with any shower fittings or basin and bath filler.

See pages 432 - 433

Streamlined design for a seamless experience

The TOGO Series Single Outlet epitomises minimalist elegance, offering a refined and intuitive control experience. Perfectly designed for single outlet showers, bath, or basin fillers, this advanced interface merges cutting-edge technology with effortless usability.
With the TOGO Series Single Outlet, your chosen temperature setting remains consistent, ensuring a safe and comfortable shower every time. Additionally, the TOGO Series Single Outlet prioritises your safety with its automatic shutdown feature, which activates in case of any water or power supply disruptions.

Visual temperature Indicators

Start your shower with a single press of the control dial. Adjust the water temperature to your perfect setting by simply rotating the dial. The surrounding LED backlight provides a clear, immediate visual cue by changing colour according to the temperature. The dial remains consistantly cool to the touch.

Starting with a pre-set default of 38°C, you can adjust the temperature within a range from 12°C to 45°C. The LED lights transition from shades of blue for cooler temperatures to shades of red for warmer ones, offering an intuitive and visually engaging way to gauge the water's warmth.

Togo Single Outlet - Chrome, matt black, brushed nickel, brushed brass, gunmetal grey, brushed bronze and matt white B/L

■ **400mm dial, 60mm back plate** ■ **Circular mini backplate** ■ **Intuitive activation** ■ **Visual temperature Indicators** ■ **Adjustable temperature from 12 - 45°C**

Traditional

Wyse Traditional - Chrome, brushed nickel, brushed brass, polished gold and polished nickel

B/L

Wyse Traditional Timeless elegance. Digital precision.

NEW

The Wyse Traditional 2/3 outlet digital shower brings classic octagonal styling into the modern bathroom. With its distinctive brass controls and heritage-inspired backplate, it delivers the look of a traditional shower valve while offering the effortless control and safety of TED Digital technology. Perfect for period properties or any space where classic design matters.

- **Distinctive octagonal backplate:** Fits vertically or horizontally for complete design flexibility.
- **Intuitive Divert control:** Clearly marked rotary dial lets you switch effortlessly between two or three shower outlets.
- **Precise digital display:** Large, easy-to-read OLED screen shows exact temperature and selected outlet.
- **Selectable illumination ring:** Choose classical white for added elegance or colour-changing LED lighting around the control dial for visual feedback.
- **Cool-touch operation:** All exposed controls and trim plates remain safe and cool to the touch.
- **Optional wireless interface:** Wireless on/off button with simple pairing with the concealed digital processor for a clean, clutter-free install. Available in chrome, brushed nickel, brushed brass and matt white.
- 5-year warranty as standard.

Available in five luxurious finishes to complement any classic or contemporary scheme.

Operating pressure 1 bar

When paired with a compatible Aqualisa Smart controller, the Aqualisa SmartValve™ delivers a precise water temperature with no unexpected cold or hot bursts. WiFi-enabled, it allows you to control your shower remotely via the Aqualisa app, or with a Google Home or Amazon Alexa smart speaker. Suitable for low-pressure, pumped water systems.

S1 Range ■ Temperature & flow control dial with light indication ■ Illuminated push buttons ■ Metal faceplate & dials including mood backlighting, adjustable via the app ■ Lighting indicator to let you know when your chosen temperature has been reached ■ 3-spray handset

iSystem – Smart

works with Hey Google
WORKS WITH amazon alexa

C

Intuitive and effortless, iSystem is the ultimate in Smart showering. Featuring a sleek and sophisticated control, iSystem oozes elegance and style with an intuitive LED display. For the shower that is ready to go when you are, iSystem Smart has been designed with a sleek and easy to use controller. Experience precise temperature control with tried and tested Aqualisa® SmartValve technology, enjoying thermostatically blended water with every use. A perfect mix of form and function, iSystem Smart features a handy LED indicator on the control to let you know when your water has reached the desired temperature. Compatible with an optional wired remote, iSystem Smart shower provides design features the modern bathroom needs. An exposed shower offers great installation benefits if you're looking to fit a new shower with minimal disruption to existing decor. This type of Smart shower is the perfect renovation and modernisation accompaniment, offering an easier installation than concealed models. The Aqualisa® SmartValve can be situated away from the shower enclosure, typically in the loft, under the bath or in an airing cupboard. This is where the water is mixed with thermostatic precision. Smart showers offer far more flexibility than a traditional mixer shower, making them a great choice for all bathrooms. Sensational showering at the touch of a button. Available as single or dual, concealed or exposed options that work with all approved UK water systems.

Single or Dual Outlet ■ Voice controlled smart showering using Google Home Assistant and Amazon Alexa - turn your shower on using your voice. ■ Interactive dashboard tracks and records water consumption, time and indicative costs. ■ Intuitive LED lights to indicate when selected temperature has been reached and the shower is ready for use ■ 5 years parts and labour guarantee when registered with Aqualisa®

10 year brass body guarantee (excluding cartridge) with a 5 year guarantee on the finish, except chrome which is covered by the 10 year guarantee

The

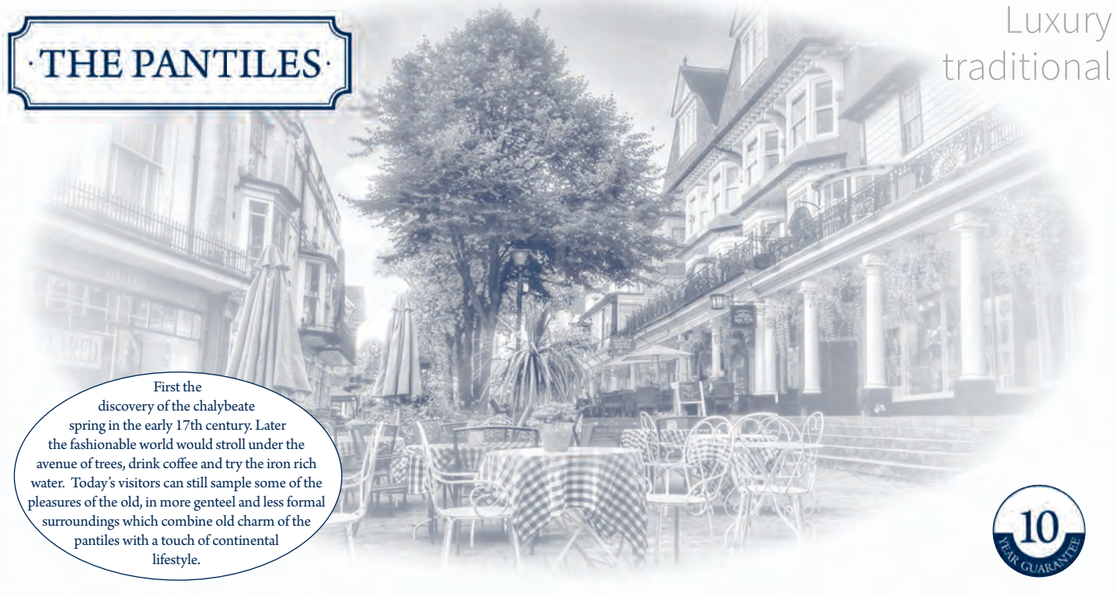
TUNBRIDGE WELLS

Brassware Co.

Luxury Traditional

·THE PANTILES·

Luxury traditional



First the discovery of the chalybeate spring in the early 17th century. Later the fashionable world would stroll under the avenue of trees, drink coffee and try the iron rich water. Today's visitors can still sample some of the pleasures of the old, in more genteel and less formal surroundings which combine old charm of the pantiles with a touch of continental lifestyle.

10 YEAR GUARANTEE

The Pantiles - Chrome finish with ceramic indices ■ **Min 1.5 bar to 6 bar** B

Unslotted wastes are for use where there is no integral overflow in the washbasin. If your basin is wall hung, choose our modern black or chrome traps, or the more traditional styled version to complement your taps perfectly.

All bath taps are supplied without wastes as it is usual to purchase your waste with your bath. We have a choice of bath wastes with overflow in 2 different lengths depending upon your installation requirements.

The
TUNBRIDGE WELLS
Brassware Co.

Introducing the new range of designer radiators from the exclusive Tunbridge Wells collection.

Crafted with meticulous attention to detail, these radiators redefine home heating by seamlessly blending advanced technology with stunning designs. This latest collection features on-trend finishes such as contemporary chrome, sleek matt black or matt white, elegant brushed brass, and sophisticated brushed bronze and gunmetal grey, ensuring a perfect match for any contemporary interior.

Each radiator is not just a heating solution but a statement piece, designed to complement and elevate your living spaces. With clean lines, geometric patterns, and organic shapes, our designs cater to both modern and traditional tastes. Whether you desire a bold centrepiece or a subtle accent, our radiators offer a versatile array of styles to suit your décor.

Engineered for superior performance, our designer radiators provide efficient heat distribution ensuring your comfort. Easy to install and built to last, they are the perfect blend of style and substance. (IPX4 Rating)

Scotney Brushed Brass
see page 573
or for the electric version,
see page 584

Upgrade your home with our designer radiators and experience the perfect harmony of warmth, design, and luxury. Explore the collection today and find the perfect piece to transform your space!

To complete the look, these Towel Rails and Radiators co-ordinate nicely with the Tunbridge Wells Brassware Co. showers (see pages 460 - 471 and taps (see pages 502 - 529)
