## The Vanity Collection

At Calypso, we understand that the bathroom is more than just a functional space; it's a reflection of your taste and lifestyle. Whether you seek the timeless sophistication of traditional aesthetics or the sleek modernity of contemporary design, our range offers a balance of form and function to suit every preference.

In this book, we are delighted to present two distinct types of vanities, each crafted with meticulous attention to detail and a commitment to superior quality.

### Vanity collections

A curated selection of standalone units that exude style and functionality. Our vanity collections are complemented by additional pieces to enhance storage and offer elegant solutions for bathrooms of all sizes. From sleek modern designs to timeless classics, every piece is thoughtfully crafted to elevate your bathroom experience.

### Vanity to Match Fitted Furniture collections

These vanities are designed to either be used as standalone pieces or as part of a wider cohesive bathroom design, seamlessly integrating with our larger Calypso fitted furniture range. If you're seeking a focal point for your bathroom, our Vanity to Match Fitted Furniture collections offer unparalleled flexibility and sophistication.

# Classic styles for modern living.

In our Autumn 2024 release, we proudly present a collection that epitomises modern sophistication. This season, we introduce the Dartmoor collection, with a sleek and contemporary slim shaker door designed to make an impression in five high-quality, soft-touch matt finishes.

Our latest products feature a variety of chic colours and textures. The popular Portland Stone, earthy, elegant, and versatile, is now available across multiple fitted and vanity collections, alongside new woodgrain finishes such as Weathered Oak in Bowland and Cheviot, and Light English Oak in Aurelia.

Additionally, our new natural brass handle families – Antiguo, Renaico, and Morella – are thoughtfully designed to enhance the appeal of your furniture, further enriching our hardware lineup in 2024.

For those who prefer classic aesthetics, our new range of curved vanities in Pentland offers a timeless addition. Bold and traditional, these vanities combine elegance with functionality, seamlessly integrating into the wider Pentland collection.

In this latest chapter, we embrace modern design while honouring the beauty of classic styles. Explore the pages ahead to discover everything that our Autumn 2024 collection has to offer.

# Dartmoor: The traditional shaker, reimagined.

Introducing our latest fitted furniture range, the **Dartmoor** collection offers a contemporary take on the classic shaker for a pared-back and timeless look. Featuring a sleek 9mm slim frame edge, its tight linear styling and minimalist design represent the traditional shaker style, reimagined.

Dartmoor is available across our full range of fitted furniture and vanity cabinets, precision wrapped in high-quality, soft-touch luxury vinyl for a smooth, durable, and long-lasting finish.

### Available in...

# Expanded Pentland collection

The **Pentland** collection has seen sophisticated updates, ensuring it remains a timeless choice. The **Pentland Curved Vanity** introduces a traditional design, effortlessly combining form and function with its smooth curves and classic aesthetic. It is available with a **two-drawer** or **two-door** central unit, along with left, right, or both curved end units. The **Pentland Solid Surface Worktops with Undermount Basins** are designed to fit the new curved vanity units, featuring durable surfaces and integrated basins for a clean, uncluttered look.

Now available in:

Portland Stone

Solid Surface Worktops now available in:

White Stone

### Aurelia in Light English Oak

The Aurelia vanity collection is now available in Light English Oak, providing a fresh and sophisticated option for any bathroom. This new addition aligns with the growing trend towards incorporating natural textures in interior design. The use of Light English Oak brings a warm, organic feel to the space, appealing to those who appreciate the beauty and simplicity of nature.

### Now available in:

Light English Oak

### Natural Brass Hardware

Introducing our exquisite collection of brass handles, a harmonious blend of modern style and timeless craftsmanship.

Our new range includes the **Antiguo Cup**, **Renaico Bar**, **Renaico Knob**, and **Morella Knob**, each meticulously designed to add a touch of elegance to your interior.

Crafted from natural brass, these handles offer not only durability but also a luxurious aesthetic.

### New Solid Surface Worktops for Petra

Earlier this year, we proudly introduced our Petra vanity. Now, we are excited to expand the range with two new solid surface worktop finishes: White Stone and Desert Sand.

These finishes are available with an undermount basin or as a complete worktop for use with a sit-on bowl, providing versatile options to suit all design preferences and needs.

### Solid Surface Worktops now available in:

### Inari Inline Wing Basin

Our Inari Inline Wing Basin 1844mm features a drop-in design, with a left hand, right hand or central bowl integrated into the worktop for a seamless style. Here, the Inari Inline Wing Basin Right hand bowl is shown with the new Bowland Weathered Oak finish.

### New Calypso Mirrors

We have expanded our selection of LED mirrors with three new additions to the lineup all with touch control operation for fog-free demister, brightness and LED warmth.

**Lugo** is a contemporary, back-lit, half-moon LED mirror that can be installed with the flat edge on the left or bottom - available in  $800 \times 600$ mm and  $1000 \times 600$ mm.

**Murello** is a pill-shaped mirror with a **Black** or **Brushed Brass** rim and backlit illumination - available in **500 x 800mm**.

**Torla** is a stylish backlit LED mirror with a bold, **Brushed Gold** frame and vanity shelf - available in **550 x 1100mm**.

### New Calypstone Worktops for Fitted and Vanity

Calypstone Aura worktops are produced from a natural compound that mimics the look and feel of natural stone, such as granite and marble. With its refined appearance and robust durability, these worktops are perfect for those looking to add a touch of luxury to their bathroom design.

Fitted Furniture Sizes:

3000 x 315 x 18 mm

2044 x 465 x 18 mm

Vanity Sizes:

1244 x 465 x 12 mm

Calypstone worktops are also now available for **600mm** and **800mm Diamante vanity units**, providing a seamless and sophisticated look for your bathroom.

### Milan Ceramic basin for Isla Vanity

NEW P48

The brand-new Milan ceramic basin. Designed with sophistication and functionality in mind, the Milan basin epitomises quality with its sleek lines and curved corners to match the profile of the Isla vanity.

The Milan ceramic basin is available for all Isla vanity units.

## Vanity Collections

Our Vanity collections are smaller collections that feature standalone units complemented by additional pieces offering stylish and functional solutions for your bathroom.

This guide will walk you through the straightforward steps to select & order your vanity unit, to simply elevate your bathroom experience.

### How to Order:

### Choose Your Unit:

Browse our vanity collection to find the perfect vanity for your bathroom. You will find the kit code listed below the vanity. All units come pre-assembled with a wall fixing kit for installation.

### Add a Basin:

Compatible basins are listed below each vanity and may fit slightly wider than the unit.

The sit-on basins shown are the recommended size and require a worktop. All sit-on basins are universally compatible, but ensure your chosen basin fits your unit's dimensions. Some vanity units need specific worktops, which are available on the collection pages.

For most basins with an overflow, you can change the colour of the overflow ring. For more information on basins, worktops, and overflow rings, refer to our accessories section starting on **page 164.** 

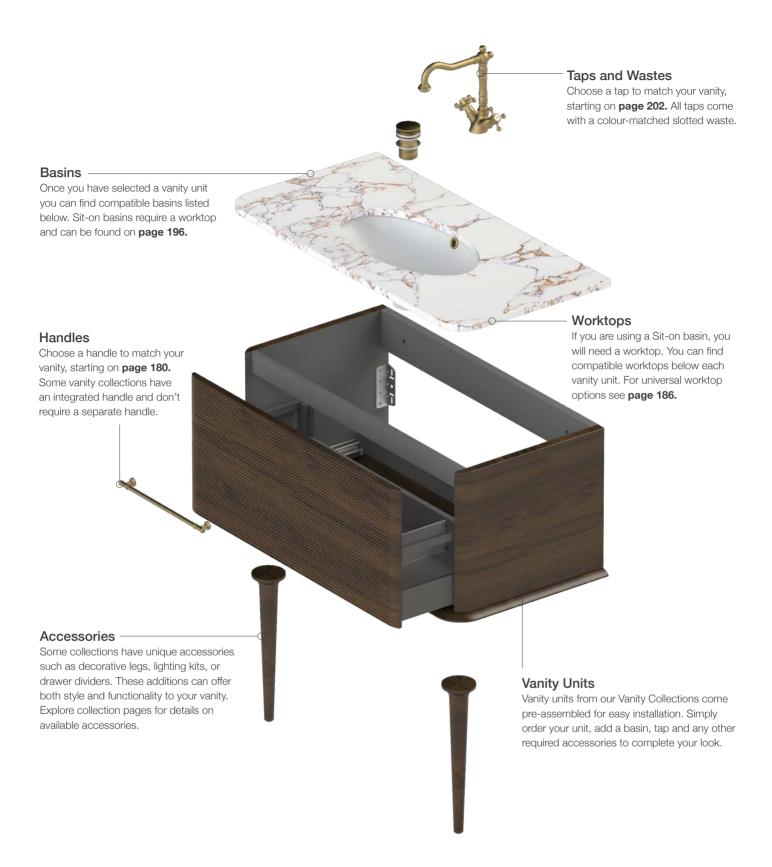

### Select a Finish:

Each collection is shown in one finish, with all available finishes listed below the vanity with the respective codes.

### Add Accessories:

Vanity units are shown with taps, and if applicable, handles. All additional accessories can be found in our accessories section starting on **page 164.** Some collections offer additional elements to enhance the overall aesthetic or functionality of your furniture and these can be found in the collection pricing pages where available.

### Assembly Instructions:

Every unit in our vanity collection comes pre-assembled as a complete unit to simplify the installation process, saving you time and effort.

We recommend using a professional bathroom installer for vanity unit installation to ensure optimal results.

## Vanity to Match Fitted Furniture

Our Vanity to Match Fitted Furniture collections are designed to standalone or be used to complement our larger Calypso fitted furniture range, offering versatility in your bathroom design.

This guide will walk you through the simple steps to order and assemble your vanity unit for a stylish bathroom upgrade.

### How to Order:

#### Choose Your Unit:

Browse the **Vanity to Match Fitted Furniture** section of the brochure to find your perfect vanity unit. When you order using a unit kit code, all of the parts that you need for assembly are included.

#### Select a Finish:

Each collection is showcased in one finish, with all available finishes listed at the top right of the collection pages. Each unit code in the **Vanity to Match Fitted Furniture** section of the brochure is followed by two asterisks (\*\*). Replace these asterisks with the finish code located at the top right of the pricing page to find the complete the code for your desired finish.

#### Add a Basin:

Compatible basins are listed below each vanity and may fit slightly wider than the unit.

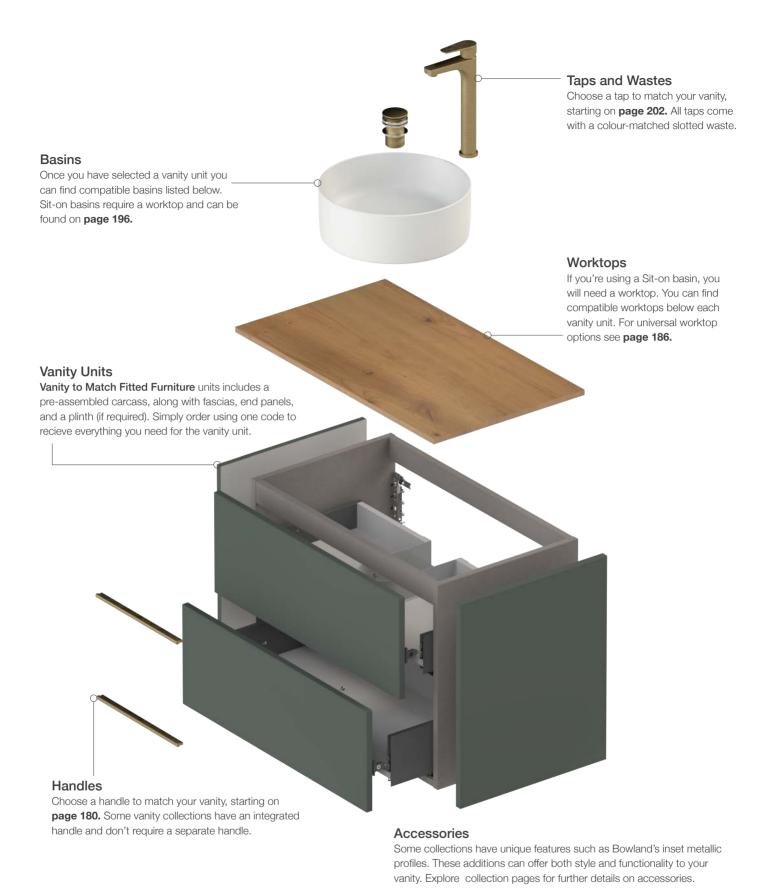

The sit-on basins shown are the recommended size and require a worktop. All sit-on basins are universally compatible, but ensure your chosen basin fits your unit's dimensions. Some vanity units need specific worktops, which are available on the collection pages.

For most basins with an overflow, you can change the colour of the overflow ring. For more information on basins, worktops, and overflow rings, refer to our accessories section starting on **page 164.** 

### Add Accessories:

Vanity units are shown with taps, and if applicable, handles. All additional accessories can be found in our accessories section starting on **page 164.** Some collections offer additional elements to enhance the overall aesthetic or functionality of your furniture and these can be found in the collection pricing pages where available.

## Assembly Instructions:

Each vanity unit comes complete with a carcass, panels, soft close fittings, and wall fixings. The pre-assembled carcass simplifies the installation process, saving you time and effort.

We recommend using a professional bathroom installer for vanity unit installation to ensure optimal results. Once the carcass is fixed to the wall, apply your fascias, end panels, plinth, basin and other accessories to complete the look of your vanity.

To explore our full range of furniture and accessories, visit calypsobathrooms.co.uk.

## Bowland

Bowland is stylish and elegant with its metallic inset profile which creates a flush, handleless design. This sophisticated design offers a range of matt finishes accompanied by matching end panels, or high gloss options with reversible end panels featuring glass-effect edging for an extra touch of refinement. Bowland's slab-style fascia is sleek and modern, complemented by soft-close hinges and runners, fixings, and a grey linen carcass for a complete look.

# Vanity Worktops

We understand that selecting the perfect worktop to complement your vanity unit can be a crucial decision in your design process. Below we've outlined the steps to help you find the ideal worktop for your vanity.

## I. Choose Your Vanity Size:

Firstly, determine the size of your vanity unit. Vanity units that fit our standard vanity worktops are categorised into three sizes: 600 Vanity, 800 Vanity and 1200 Vanity.

Some vanity units use non-standard worktop sizes and the worktops for these can be found on the pages displaying that collection.

800 Vanity

1200 Vanity

# 2. Select a Worktop:

Once you've chosen your vanity, take a look at our Vanity Worktops to find the corresponding worktop size for your vanity unit.

The dimensions listed in the charts serve as a general guide. Worktop sizes may not perfectly match the dimensions of the vanity, but we've designed them to accommodate a variety of worktop options with a slight overhang.

# Square-Edged Laminate Worktops

A solid particle board core, bonded with high-pressure laminate (HPL), creates a durable worktop. These worktops are supplied with a 20mm square front edge and comprehensive sealing on all surfaces and edges. For custom lengths and exposed cut ends, matching edging strips are also available.

# Calypstone Aura Worktops

Calypstone Aura solid surface worktops are made from a composite material comprising a natural compound and a high-quality acrylic based polymer binder which creates a surface with the look and feel of natural stone such as granite and marble. It is warm to the touch, 100% nonporous and has the benefit of being able to be cut, sawn, shaped, and worked on using standard woodworking tools.

## Hygienic

The Calypstone Aura material contains an antibacterial agent that destroys bacteria and prevents its growth to act as a disinfectant on its own surface. This makes it perfectly suited to bathroom surfaces, and means it can also be used in healthcare and food preparation areas.

# Durable

You can look forward to many years of service from Calypstone Aura worktops. The material does not degenerate naturally nor fade, and if well cared for, will continue to look as good as the day it was installed.

# Eco Friendly & Non Toxic

Calypstone Aura is made using 40% recycled material and is itself 100% recyclable. It is a fully stable material and cutting and sanding it does not release any volatile or toxic organic compounds into the atmosphere. The material is also self-extinguishing, and in the event of contact with fire, no toxic gases are released

## Easy Clean

The inherent properties of Calypstone Aura make it very easy to clean and maintain. It is resistant to most household chemicals and disinfectants and is best cleaned simply with warm soapy water and then dried and buffed with a soft microfibre cloth.

Full care instructions are supplied with each worktop.

# Calypstone Aura Solid Surface Worktops

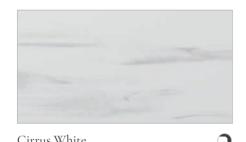

Available in options of 12mm and 18mm thickness, Calypstone Aura Solid Surface Worktop are made from a mixed compound of natural minerals and acrylic resins. This material is the same all the way through, is completely non-porous and the smooth surface is resistant to most domestic chemicals. It can be cut and shaped using standard woodworking tools, and the cut edge sanded and polished to a perfect finish by hand.

# WCs

Our WCs feature high-quality ceramic construction, ensuring reliability and longevity. The top-fix seat design facilitates simple installation and lifts off for easy cleaning. All Calypso WCs come with a silent soft-close seat which provides added convenience and comfort.

# Back To Wall

Back to Wall pans are designed to be used with cisterns that can be concealed within a cabinet or behind a wall. They can be matched with your chosen furniture to create a cohesive and sleek aesthetic.

# Close Coupled

Close coupled toilets are standalone fixtures that include a cistern. Offering a simpler design that champions the vanity unit, allowing for uncluttered bathrooms with a focus on minimalist aesthetics.

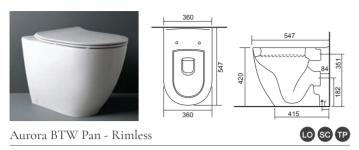

# Wall Hung

Wall hung WCs can be attached to a frame within a cabinet or behind a wall. This makes cleaning easier and lends a sense of openness to the bathroom.

# WHAT IS A RIMLESS PAN?

Traditional toilets distribute the flush water through a series of holes around the underside of the rim of the pan. However, the 'Rimless' pan does away with this under-rim, meaning the water can flow faster and with no hindrance to creating an enhanced flush.

The rimless toilet looks no different on the outside. The main difference is that the pan boasts a smooth bowl with reduced areas for bacteria or lime-scale to build up and settle, which makes a significant difference for cleaning and improved hygiene compared to traditional pans

No hidden spaces for germs to harbour. Allows for easy cleaning

PERFECT CLEANING

Unique flush system means the water flows both vertical and around the rim covering the entire surface.

QUIETER & FASTER

Rimless technology allows for a more silent and faster flush than standard WC pans.

# Basins

Whether you're looking for a sleek modern basin or a more traditional style, our selection caters to every aesthetic. Explore our range of sit-in, sit-on, block, and semi recessed basins, and choose from ceramic or cast marble options to suit your desired look. Ensure compatibility by referring to the displayed basin options on each vanity collection page.

# Cast Marble

Our Cast Marble basins are crafted from Dolomite Marble, a substance born from volcanic processes. Through milling, purification, and blending with polymer resin, they take shape before a protective layer of resin and quartz gel coating is applied, preserving both pigment and achieving a flawlessly smooth, durable and easy to maintain finish.

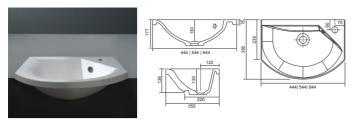

### Ceramic Basins

Ceramic basins are meticulously crafted from molten fireclay, shaped into moulds, and expertly glazed before undergoing the final firing process. Their enduring quality makes them suitable for both contemporary and traditional bathroom settings. Ceramic is easy to maintain, as stains can be effortlessly removed, ensuring a pristine appearance.

# How to Order Guide: Overflow Rings

When it comes to basins, getting the details right can make all the difference, especially when you're matching them with brassware and handles. That's where understanding overflow rings becomes essential. These rings not only ensure your basin works properly but also play a role in enhancing its overall look and feel.

Use the table below to find the right overflow for your basin and then choose the colour that best matches your bathroom:

### Basins with no overflow:

These basins do not have an overflow. Therefore, there's no need for an overflow ring. We recommend using a free-flowing unslotted waste with these basins.

#### Basins with built-in overflow:

Some basins come with an overflow that is glazed or designed as an integral part of the basin. In such cases, an overflow ring does not apply.

# Basins with a standard overflow:

These basins come with a chrome overflow ring as standard. However, the overflow ring is interchangeable, meaning you can change it to match your bathroom.

# Taps

Calypso taps are meticulously crafted for precision and engineered for long-lasting durability. Our range includes basin-mounted, wall-mounted, and tall basin taps for use with sit-on bowls. All Calypso taps feature quarter-turn ceramic disc valve technology, allowing for ultra-smooth control of water flow and temperature, ensuring the tap's longevity. Each tap is coated with a robust anti-scratch finish, guaranteeing a lasting pristine appearance. Additionally, all of our taps come with a slotted waste that is colour-matched to the tap's finish.

# What is an LED Lighting Strip?

Using an LED lighting strip in your bathroom can enhance both functionality and ambiance. You can install LED strips under cabinets to illuminate the countertop, around the back of mirrors for even lighting, or along the ceiling edges to highlight architectural features.

Supplied in three popular length kits, these lighting strips can be cut to fit any size of unit. The special 3M self-adhesive backing tape allows you to stick them to almost any surface with ease.

# Zoned Lighting

Water and electricity are a dangerous combination so when choosing bathroom lights it is essential that you familiarise yourself with two terms; Bathroom Zones and IP Ratings. When purchasing bathroom lights you need to ensure that the fitting you choose has the relevant IP rating for the zone in which it is to be placed. So what are IP Ratings and Bathroom Zones?

IP67. The item is protected from dust and capable of withstanding water immersion upto 1 meter for 30 minutes.							

 $ZONE\ 0$  Covers the areas inside the bath or shower tray. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion proof.

 $ZONE\ 1$  Incorporates the area directly above the bath or shower tray to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses a 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

 $ZONE\ 2$  Covers the area 0.6M outside the bath's perimeter and to a height of 2.25M from the floor. As with Zone 1, a minimum IP44 rating is required for this area

 $ZONE\ 3$  Outside zones cover areas which fall outside of zones 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

## Important Notes

It is important when ordering and booking installations that sufficient time is allowed between product delivery date and installation date. This is for the checking of goods and if required, the re-delivery of any rejected or damaged items.

All carcasses are supplied ready assembled, with door and fascia panels packed separately for fitting once carcasses are installed to help avoid damage. Door and drawer fronts are supplied undrilled for handles to give maximum flexibility and choice.

Due to space restrictions on slimline units, the rear legs should be removed to run a soil pipe through, and rigidity is maintained by the front legs and wall fixing.

All our concealed WC cisterns are suitable for front access servicing. If other manufacturer's concealed cisterns are used, service access may become a problem.

Prices in this catalogue include VAT at 20%

# Product Notes & Specifications

Please note that some of the imagery within the brochure is CAD generated and may not reflect the unit exactly. We strongly recommend that any questions relating to detail of any units are asked prior to ordering.

Carcasses – All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. All carcasses are supplied with hinges, wall fix brackets and fittings, and base units come with adjustable legs and plinth fittings. All plinths, end panels and handles must be ordered separately. Unit dimensions given are overall including fascias but exclude legs (661mm units supplied with 150mm legs, 561mm units supplied with 250mm legs). Choice of three finished base unit depths (218mm, 303mm & 443mm). All carcasses are made from 18mm MFC with PVC edging.

Vinyl Wrapped Doors/Worktops/Plinths/End Panels – All vinyl panels are a vinyl wrap on an MDF core. Doors, facias, plinths and end panels have an 18mm furniture grade MDF core, and vinyl worktops have a 22mm core. Any exposure of the MDF core

through cutting must be sealed with a proprietary sealant such as PVA or silicone to maintain the warranty. Printed colours and woodgrains are subject to print and screen variations and are for illustration purposes only.

We offer a free sample service where you can order up to 10 free samples for exact colour matching. Please visit callysobathrooms.co.uk/samples or call our customer success team on 01432 367 367 to place your order.

Cast Basins – All Calypso cast basins are made from a mineral powder/polyester resin. The surface is protected by gelcoat which is at least 0.5mm in thickness. Clean and care for your top with a normal liquid detergent (do not use detergents containing abrasives) and buff with a good quality polish to keep your cast top in tip-top condition

Postformed Laminate Worktops – Laminated on to a chipboard core, all worktops are supplied with a length of edging for re-sealing when cut.

(Additional edging strips are available on request, priced per metre).

Solid Oak – Doors and bath panels in this range have 70mm x 20mm solid oak frames and an oak veneered centre panel. All worktops, plinths and end panels are real oak veneer on an MDF core. If uncertain on veneered areas on the Solid Oak range please refer to our technical team on 01432 367 367. Please note: In purchasing this product you are aware that natural variations which are inherent in the shade and grain of naturally grown solid oak and oak veneer are beyond our control.

Bath Panels – These are supplied in two lengths of 1700mm or 1800mm

DIMENSIONAL TOLERANCE - Due to the nature of materials and production processes, dimensions may vary within a tolerance of ± 2mm on furniture. ± 3mm on cast basins and ± 5mm on ceramic.

### Returns Policy

Any damaged or unwanted items must be reported within 7 days and made available for collection within 28 days. Any items ordered and delivered in good faith but no longer required will be subject to a 25% handling and re-stocking charge.

Non-required items can only be accepted for return if:

- They are returned in original packaging.
- They have not been fitted in any way (this would include legs fitted onto carcasses).
- They are in re-saleable condition.

Picking or Delivery Errors & Manufacturing Defects must also be reported within 7 days and made available for collection within 28 days

Credit will be given once the goods are received back, inspected and signed off.

Any goods under this policy should be returned to the retailer that they were purchased from.

Credit Approval or Refusal:

Once returned goods are received and inspected as per terms above, credit will either be approved or refused. If refused, a credit refusal number is assigned and a written reason given and sent by fax or email. Goods will then be held for 7 days before disposal. Any query regarding the refusal must be logged during this 7 day period.

# Taking Care of Your Calypso Products

By following some simple care and cleaning guidelines, Calypso products can be expected to give many years of enjoyable, trouble-free service.

Calypso bathroom furniture is designed to be used within domestic environments. As with all timber products, adequate ventilation is key and your bathroom furniture will be adversely affected if subject to excessive moisture on the surface or in the atmosphere. It is strongly recommended that a suitable bathroom extractor fan is installed to prevent condensation building up and to prevent damage to the furniture.

Calypso timber based fitted furniture should only be installed within a well ventilated bathroom environment and is NOT suitable for installation in wet-rooms.

It is most important that any cut or exposed panel edge, and any floor or wall abutment with furniture or sanitaryware, must be sealed

with a waterproof sealant such as silicone or similar to avoid the possibility of water ingress and damage.

All water spills and sprays must be wiped clean and mopped dry immediately to prevent water marks or other damage.

Never use chemical or abrasive cleaners, bleach or furniture polishes on any bathroom furniture as the finish can be affected. Clean only with a soft damp cloth and a mild soap solution as necessary.

Solid Oak is a very hard-wearing material and its looks are enhanced with wear over the years. Occasional application of a wax-based furniture polish should be all that is needed to maintain its finish. DO NOT USE household cleaners or abrasive powders on oak, and remove any spills or stains immediately with a soft damp cloth and mild detergent (washing-up liquid). Excessive moisture or water spills will darken the oak surface.

CERAMIC SANITARYWARE - Clean with a damp cloth and warm soapy water. Rinse with clean water and polish with a soft cloth. Avoid using cleaners that contain abrasive solvents, acid or ammonia.

BRASSWARE - Clean with a damp cloth, rinse clean and polish with a dry cloth. Avoid using cleaners that contain abrasive solvents, acid or ammonia.

COLOUR REPRODUCTION - Colour reproduction is as accurate as possible within the limitations of the printing process. A free sample service is provided if you are unsure about the finish on your selected product. Please call sales on 01432 367 367 to order. Also note, colours will vary under artificial light.

Our company policy is one of continual improvement and development. We therefore reserve the right to alter materials and specifications without notice.
